## The PES Response Program

- Identify the cause/spiller as potential responsible party (PRP)
- Immediately assure that police/fire/health dept. are notified and other response agencies
- Evaluate need for spill containment or clean up and coordinate contractor selection for clean up, as appropriate
- Determine levels of performance/cost of clean up while assuring personal safety
- Any waste disposal will be evaluated to determine the most affordable method per incident
- Assure that closure reports are completed and submitted to the appropriate regulatory agency/agencies

## SOLUTIONS

- Stability in Emergency Response Management
- Oversight of your companies release liabilities
- Loss Prevention (cargo, claims, environmental)
- Understanding your environmental needs
- Technical Solutions / Timely Response
- Independent from contractor affiliations
